

ELECTRICAL PROPERTIES:

Rated voltage and max. service voltage.....30/36 kV

PHYSICAL PROPERTIES:

Creepage distance AB minimum.....480 mm

Creepage distance CD minimum.....480 mm

Weight.....~9.8 kg

Porcelain C-110

Cementing material: Portland cement mortar acc. to EN 1504-6

Silicone: Neutral silicone.

Caps: Brass, bichromate plated

Flange: Malleable cast iron hot dip galvanized

Rod and nuts: Cooper nickel plated

Washer: Ceramic paper

Tests and tolerances according to IEC 60137 and IEC 62155
